

COMPANYLINKS GmbH operates an independent, confidential matching platform for buyers and sellers of medium-sized companies with a transaction volume from EUR 3 m upwards.

It specifically addresses buyers and sellers of companies as well as their consultants. COMPANYLINKS focuses on well-established medium-sized companies in any manufacturing, trading or services sector.

Established in Hamburg in 2018 by the former bank executive Matthias Wittenburg, the company today has more than 20 employees with many years of experience.

COMPANYLINKS operates a digital database of currently more than 7,500 investment requests from various investors and maintains a comprehensive network of cooperation partners, such as M&A consultants, credit institutions, accounting firms, tax consultants, lawyers, insolvency administrators, chambers of commerce and professional organisations.

COMPANYLINKS does not depend on any bank, accounting firm or other institution and is consequently free of conflicts of interest. Following successful referral, the seller compensates COMPANYLINKS by paying a fee.
